This is Amanda Dawson at the beginning of her travels, in the year 192 T.E. A somewhat awkward girl from Tarchartus, she mainly loved to read and daydream in the lazy Zhellan hills. After some wandering mercenaries took refuge in her village, she was talked into applying to become a Museum Scholar at the Vasqueray Chapterhouse. Here, she has just completed her studies and is about to set sail from Gorgos. Amanda is very gentle and friendly, and is essentially a pacifist. She is deeply troubled by the tendency of Hermetic Magic towards the use of destructive force.
